

WHY CHOOSE BLESSINGS! FOR SENIORS

1. We are an independent, family owned business. We are not a franchise.
2. We have an exclusive membership with “The Senior’s Choice” Network which is a national support network for in-home care companies committed to providing the best in quality care. The Senior’s Choice (TSC) has been an in-home care service organization for many years and has grown to more than 200 companies throughout the world.
3. We are a member of the Arizona Non Medical Home Care Association (AzNHA). AzNHA members must abide by a strict Code of Business Ethics and Practices designed to promote honest and ethical conduct and to ensure compliance with all applicable laws, rules and regulations.
4. We use a national recognized Certified Companion Aide (CCA™) training program offered to our staff of companion aides, and have ongoing training on-line through Aquire, a care-giving, in-service training company. All our companion aides are thoroughly screened, background checked, bonded and insured.
5. We offer the SafeSenior program, an exclusive medication/well-being automated calling program provided through our membership with The Senior’s Choice.
6. We use a Third party survey company, Home Care Pulse, to do telephone interviews with clients and caregivers on a monthly basis. Currently, we have a 4.93 rating in a 1to5 point system, with 5 being the highest, from our clients, and a 4.92 rating from our caregivers.
7. We are involved in the community and facilitate 2 Alzheimer’s support groups. We are available as speakers, to talk on a variety of topics related to aging, elder care and care-giving.
8. Our five core values are: Professionalism, Consistency, Integrity, Compassion, and Quality Training – The Blessings Way!
9. We offer on-call support 24/7 for emergencies that occur after business hours.
10. We are the home of the Southwest Resource Center located in Goodyear which provides caregiving and elder care information and referrals to area programs and companies.
11. We use TeleTrack, a special patented time keeping system that tells us when the caregiver arrives and departs from a Client’s home. The system will automatically call our office if the caregiver is late or does not clock in.
12. We serve the West Valley exclusively, which includes Goodyear, Avondale, Buckeye, Litchfield Park, Surprise, Sun City, and Sun City West.
